Feeding Applications:
For beef cattle on pasture

Blueprint All In One 25

Product #: 68849

Product Features

- Contains Bio-Mos 2 designed to feed the gastrointestinal tract to maximize performance and profitability
- Contains 25% crude protein and 4% phosphorus for cattle on medium to lower quality forages
- Features Blueprint's premium nutritional program
- Delivers essential macrominerals in addition to Bioplex organic trace minerals
- Formulated for a daily intake of ½ lb per head per day
- Ideal for cattle at any stage of production with a complete mineral and vitamin package in addition to supplemental protein

Feeding Instructions

CRYSTALYX Blueprint All In One 25 supplement is designed for self-feeding to grazing beef cattle.

Place containers in areas that achieve desired supplement intake. Once acceptable intake levels have been achieved, the containers may be moved to underutilized pasture areas to improve grazing distribution and forage utilization. Feed at the rate of one container for every 20-50 head. A minimum of two (2) containers may be necessary in each lot or pasture to ensure proper accessibility. Self-fed consumption will depend on size of the animals fed, seasonal weather conditions, as well as quality, source and availability of other feeds. Cattle typically consume between 0.25 and 0.75 pounds per head per day. Mature cattle should typically consume 0.5 lb. per head per day. Manage the number of animals per container to achieve a 0.5 lb. intake per head per day. One half pound of this product will deliver 4 grams of Bio-Mos 2.

ALL CONSUMPTION FIGURES STATED HERE ARE APPROXIMATE. PROVIDE FREE ACCESS TO CLEAN, FRESH WATER AT ALL TIMES. CRYSTALYX BLUEPRINT ALL IN ONE 25 SUPPLEMENT CONTAINS NO SALT. PROVIDE SALT FREE CHOICE.

CAUTION: FOR RUMINANTS ONLY. USE ONLY AS DIRECTED. Consumption of selenium should not exceed 3 mg per head daily.

WARNING: This product, which contains added copper, should not be fed to sheep or any species that have a low tolerance to supplemental copper.

NOTE: CRYSTALYX Brand Supplements deliver a continuous supply of nutrients and are designed as a supplement to the animal's diet. When quantity or quality of other feedstuffs is limited, supplemental nutrients in addition to those provided by CRYSTALYX Brand Supplements may be required. In situations where additional nutrients are needed, contact your feed representative for specific recommendations.
