*Blueprint Grower 50:25 includes not more than 25.0% equivalent protein from non-protein nitrogen.

FEEDING DIRECTIONS

Thoroughly mix Blueprint® Growers with grain and roughage. The normal feeding rate of Blueprint Growers is 1.0 pound per head daily. Make ration changes gradually.

Always provide free access to fresh, clean water.

CAUTION

This product, which contains added copper, should not be fed to sheep or related species that have a low tolerance to copper. This product has been formulated specifically for beef cattle and is not intended for other species.

Follow label directions. Adding higher-than-recommended levels of this supplement to feed containing added selenium is not advisable.

Hubbard Feeds does not use restricted-use proteins in products and follows both FDA and state requirements regarding the use, handling and storage of restricted-use proteins
