Salt, max %	1.0
Potassium, min %	1.0
Vitamin A, min IU/lb.	2,800
Vitamin D, min IU/lb.	280
Vitamin E, min IU/lb.	6

## FEEDING DIRECTIONS

Daily consumption of Blueprint® Seedstock Bull Power 14 depends on bull size and available roughage. A target intake of 2–2.5% of body weight is recommended. For best results and to prevent overconsumption, Hubbard Feeds recommends feeding twice daily. Start bulls on 1.0% of body weight and increase by 0.5 pounds daily until 2–2.5% of body weight is consumed daily.

Always provide free access to fresh, clean water.

## CAUTION

***This product, which contains added copper, should not be fed to sheep or related species that have a low tolerance to copper. This product has been formulated specifically for beef cattle and is not intended for other species.***

Follow label directions. Adding higher-than-recommended levels of this supplement to feed containing added selenium is not advisable.

Hubbard Feeds does not use restricted-use proteins in products and follows both FDA and state requirements regarding the use, handling and storage of restricted-use proteins.
